"We believe in creating partnerships!"

Our Mission & Values

At Alabama Cleaning Service, our mission is to create long-term partnerships with our customers. We recognize that our employees are the foundation of our success in doing this. We value and prioritize their well-being, growth, and job satisfaction, as they are the key to exceeding customer expectations and maintaining our reputation as a trusted cleaning service provider.

Diversity, Equity, & Inclusion

We are actively working to grow our supplier network to increase opportunities for minority-led businesses. Toward that effort, we are a proud corporate partner of the Southern Region Minority Supplier Development Council.

Safety and 5S

ACS believes in creating a safe workplace for all employees. All employees go through our training program and are taught our 5S system. ACS utilizes Spartans CompuClean program to facilitate all inspections and quality assurance. These reports will be made available to customers to review on a monthly basis.

Why choose us?

**Southern Region
Minority Supplier
Development Council**
